## KAMAR

### Model

Kamar chair

Design: Mauro Lipparini

### Features

A chair that's like a dress – declaring its desire to stand out.

Kamar features a visible zip, a sartorial element that defines its perimeter and becomes a vital aesthetic element.

Kamar is available with a leather or skai fabric cover, in a wide range of colours to give everyone the chance to invent their own chair, which meets their tastes and enhances any space – whether classic or unconventional. Kamar has a metal structure and is completely covered in cold expanded polyurethane foam.
